The Paintsville Commercial ran
seems a little bit egotistical.
He says: "We have our ideas and
every other man has the same."

Mr. Seneca Swinnee, of West
Virginia, is to launch a magazine.
He's hoping that there'll be something
in his name—Louisville Times.

A United States Senator is to be
chosen. Send Dr. Watson to the
State Senate. We want no more
Simpsons like Per Day Per Diem
Deboe.

A great fight is being made in
Cincinnati and Ohio against Boss Cox.
It is so intense a contest that the
attention of the entire country is
attracted to it.

Attorney General N. R. Hays rules
that the Fusion ticket in Letcher
county must go on the ballot, but
the question of device is left to the
County Clerk.

When reading news from the White
House one does not have to read
much nor between the lines to find
out that the President's private
secretary, William Lochis, is a snob of
purest ray serene.

By a vote of 2 and 2 the New
York City Board of Elections rejected
the Republican party's request
to place William T. Jerome's name in
the Republican column of the official
ballot as a nominee for the office
of District Attorney.

Friends of the various candidates
on our ticket are having so much to
say about them through our columns
this week that there is no occasion
for adding anything. The battle
takes place next Tuesday, and the
result will be looked forward to with
interest.

Car Nicholas has signed a man-
ifesto doing away with absolutism
and granting freedom of speech, con-
science, opinion and association. The
State Drama is given absolute con-
trol of all laws. The right of suf-
frage is largely extended and Count
White will at once form a Cabinet
at the plan of liberty.

The warmest fight for county
offices in this section is that in Pike
county. There are mounted men on
both sides and the fighters have come
to rejoice. James Hatcher is the Dem-
ocratic candidate for County Judge
and he is one of the gamiest fighters
most popular men to be found any-
where.

Come Now Own Up

You don't like those gray
hairs, do you? And your hus-
band certainly doesn't like
them. Then why not try a
bottle of Ayer's Hair Vigor?
It restores color to gray hair
every time, all the deep, rich
color of early life. And it
cures dandruff also.

I recently believe that Ayer's Hair Vigor
is a splendid preparation for the hair and
scalp. I have used it more or less for six
years, and it has certainly restored it to its
natural color in every case.

It can be of no advantage to the
Republicans of this district to send a
representative of their own party to
the Legislature. That body is large-
ly Democratic anyway, and only those
who belong to the majority in such
places can accomplish anything for
their constituents. Look at the water
squarely and vote accordingly.

Prof. Harry Thurston Peck, of Col-
umbia University, has published in
the Bookman what he calls a view
of Henry Watterson. It is a
great editor's correspondence to notice
—well, we're glad we are not Mr. Peck.
He will be considerably less than a
fourth of a bushel.

The Appellate Court held that an
insurance company is exempt from
paying a policy when the holder,
while in his right mind, commits
suicide.

It would be difficult to find a more
correct picture of the Cincinnati En-
quirer than the following:
The Enquirer as a news-gather, as
a lover of sensationalism for its own
sake, as an astonishingly accurate re-
flection of everything that could pos-
sibly interest any one within five hun-
dred miles of Cincinnati, is with-
out a rival, but it has never paid
much attention to editorial weight,
when it has been in politics there has
been good and sufficient reason, and
to-day it would be extremely difficult
to gather from its columns whether it
is Democratic, Republican or just M-
Lean.

Kansas City, Oct. 23.—Ex-Congress-
man "Socksless" Jerry Simpson died
at 6:02 this morning, after a linger-
ing illness.
Jerry Simpson, three times elected
Congressman from Kansas, and twice
defeated for the office, was born in
New Brunswick in 1812, was taken
while a child, to Onondaga county,
New York and became a sailor on
the great lakes. His marine career
ended with the loss of the large J.
H. Rutter, which he commanded. It
sank off Ladington in 1878.
He went West and became a mem-
ber and leader of the Farmers' Al-
liance.

The NEWS has conducted the can-
vass now so nearly closed along clear
lines. No mud has been thrown in
its editorial columns and none has
appeared in the various contributions
of its correspondents. The entire
tickets nominated by primary and
other conventions, are the NEWS
thinks, superior to the ticket put out
on the other side, and we have lost no
opportunity for giving it our indorse-
ment and support. Every candidate
on the Democratic ticket is worthy
of the support and suffrage of ev-
ery voter who is in favor of honest and
efficient service on part of the public
officials. Vote for them!

The Elizabethtown News:
The sparrow that carried two wag-
on-loads of hay into a loft in Lou-
isville in seven years offers a fine
illustration of what a boy can do if
he will save his times.

One of the burning issues of the
campaign in Carter county seems to
be "what will be the menu if the
opponent cannot do any better than
that."

The Richmond Pictograph fires this
brick at Middleboro:
The Bell county grand jury return
ed 218 indictments. If they could only
make arrests in that county there
would be a prospect of a little li-
beration.

The Shelby record says:
Three burglars in New York claim
to have robbed 400 homes. It's a
great record, but it looks dim be-
side the record of three insurance
companies, who have touched about
4,000,000 homes.

The Russellville Critic:
From present indications the con-
fusion party in Louisville have done
their deed.

OUR NEIGHBORS.

On last Monday afternoon a boiler
belonging to Marion DeLong ex-
ploded. Mr. DeLong who was running the
engine was blown about fifteen feet
striking against the side of the build-
ing, he was badly scalded about the
face and also a severe wound in the
right leg, but is doing nicely. Mar-
tin County News.

Last afternoon, about 3:30, the
Tipton, one of the city policemen,
shot and wounded Jake Clender. It
was a clear case of self-defense. It
on the part of Tipton.
It seems that Clender has two very
dangerous bull-dogs, which have been
a source of trouble to people in the
vicinity for some time. Monday Tipton
rescued a dog which they were
killing, and Clender threatened to
shoot him.

Last afternoon he attempted to
make good his threat by following
Tipton, whereupon the latter fired a
shot in self-defense, wounding
Clender through it is thought there
will be no serious results from the
wounds.—Press.

A lady gave an entertainment in
Paintsville, a few nights ago, and
judging from the following from one
of the local papers she must have
been a very successful one. Her re-
ception was of the most respectful
kind. The enjoyment of the many who
really wished to hear Miss Southwick
was marred by the actions of a few
rude boys, who, sitting up by the
judges, bench, threw corn, paper wads
and marbles at Miss Southwick, and
who also crawled behind the bench
and poked up their heads, making
faces and causing laughter. Our at-
tention being called to the fact that
Miss Southwick, J. D. Preston, had to
speak to the boys, and Miss South-
wick had to speak to them several
times before they even attempted
to keep quiet.

Saturday last, Sherman Boyd, of
Paintsville, was pardoned by Governor
Beckham, and there was rejoicing in
Paintsville yesterday forenoon, when
he reached his home.

The unfortunate circumstance which
sent him to the penitentiary for two
years, occurred more than two years
ago when Capt. Shale Preston was
killed, only Sherman Boyd, Capt. Pres-
ton and a man by the name of Sweet,
being present, all so much under the
influence of whiskey that the two
carriers hardly knew how it was
done.
Sherman Boyd was charged with
crime, and on the trial very frankly
stated that he had no recollection
what occurred, hence could neither
affirm nor deny his guilt upon his
refusal to deny his guilt the jury
found him guilty.—Press.

build the super-structure for the Lou-
isa & Port Gay Bridge have notified
the company that they are delay-
ed by failure of the foundations to turn
out some of their work on time, but
they expect to begin shaping the

A HAPPY HOME

Is one where health abounds.
With impure blood there cannot
be good health.
With a disordered LIVER there
cannot be good blood.

Tutt's Pills
revivify the torpid LIVER and restore
its natural action.
A healthy LIVER means pure
blood.
Pure blood means health.
Health means happiness.

TATESVILLE.

Edmond Shuff, of Hatchett, was
through here en route to Louisa
days ago. Also Monroe Penning-
ton and family of the same place pas-
sed through here en route to Waverly,
Va., where they will make
their home.

Your stove accompanied by another
of us of our neighbors visited
the scene of death and devastation,
where the Hocking Steam Saw and
mill exploded on the Long
branch last Saturday morning. Three
men to wit Henry Wilson Norris
Bodgers and a team by the name of
Low lay dead at the neighboring
farm houses, they had been cut by
fragments of the boiler and scalded by
the boiling water so badly that they
presented a sight sickening to
behold. Several others were more
or less injured, but none seriously
except two young men by the name
of Clay and Plumber, whose faces
and bodies were very severely scalded.
It is thought that Plumber will
lose his eye sight. Doctors Rice
and Carter were immediately on his
scene and did all they could for the
relief of the suffering.

I now say Mr. Editor I wouldn't
wish to take any advantage of the
Heraldism of Lawrence county, be-
cause we have a paper and they
have none, but now let me tell you
just as sure as the sun rises on the
morning of the 27th just that sure,
it will shine on a lady Superintendent
of Schools of Lawrence county,
and the fact is, it will shine on all
the men as officials whose names
constitute the entire Democratic ticket.
Now it is not the aim of the
Democratic party in this county to
throw any mud, but on the contrary
it is the aim of each Democratic can-
didate that is in the field to make a
gentlemanly race. Men, there's an-
other thing. All or mostly all of our
Democratic aspirants have been tri-
ed and proven welded in the bal-
ances and was never found wanting.
We voters all know a good horse
and when we have a good old fam-
ily horse we are not going to part
with him so long as there is a
chance to avoid it. Well now Bill
Woods and M. Hays is known to have
been two of the best officials that
Lawrence county has ever had in
it. It is known that while in office they
have both always been too kind
hearted for their own good, and
there as the discharge of their
official duties the past records show
as to Add Skeens and Laban Simpson
they are and have been our neighbors
and we know whereof we speak
in regard to their qualities as gen-
tlemen. Skeens past record as county
clerk and Simpson's record as an
honest upright citizen all show
them to be the men for the office
to which they aspire.

County Greenhorn

In the shade of the old apple trees,
Where the mosquitoes play tag with
the flies,
While the kids hang their swings,
And they don't want a thing
but jimpies, as cool as you please,
They can hear the old barnyard cat,
And can see the big dog chase the cat.
But they law awake nights
A scratching the bites
They got under the old apple tree
On the lengths of the new Christ-
mas tree.
That's the place for the presents
to be,
For the kids, large and small,
There'll be room for them all,
Hang 'em high so the youngsters
can see,
Get them toy drums and dolls, if you
choose,
But don't forget the Douglas shoes,
For the men you love,
Must not be forgot,
When you're in up the Christmas tree.

London last week, came to her death
from injuries received while a party
was entertaining her sister on the
night of the 7th of last July. But
it seems to put an end to this
chivalrous foolishness, anyway.

H. N. Fischer, one of the county's
foremost citizens, was here Monday.
Mr. Fischer was en route from Pal-

stopped between trains for the trans-
action of business. He is an ex-
ponent of the best class of a State
Society—progressive, industrious,
thrifty. As farmer, business man and
talent of fine stock, Mr. Fischer is
not surpassed in Eastern Kentucky.
He is a firm believer in good roads
rightly declaring that they con-
stitute very largely in the property
of a county and its people, and that
no section can thrive without them.
